

User Guides for Global OpenNet (GO) Setup for Windows 7

**** In the event, that you do not have a successful log on to GO using Internet Explorer, please follow these steps:****

Steps	Screen
1) Open internet explorer. On the top left hand corner of the browser, select Tools . A drop down menu will appear. Select Compatibility View Settings .	 A screenshot of the Windows Internet Explorer browser window. The 'Tools' menu is open, and 'Compatibility View Settings' is highlighted with a red rectangle. The menu includes options like 'Delete Browsing History...', 'InPrivate Browsing', 'Diagnose Connection Problems...', 'Reopen Last Browsing Session', 'InPrivate Filtering', 'InPrivate Filtering Settings', 'Pop-up Blocker', 'SmartScreen Filter', 'Manage Add-ons', 'Compatibility View', 'Compatibility View Settings', 'Subscribe to this Feed...', 'Feed Discovery', 'Windows Update', 'Developer Tools', 'OneNote Linked Notes', 'Lync add-on', 'Send to OneNote', and 'Internet Options'.
2) In the field that says Address of websites to allow , enter the following then click Add : a. https://go.state.gov b. https://cag.state.gov c. https://goive.state.gov <i>*Note: All of these individual links will appear under “state.gov” under Websites you’ve added to Compatibility View.</i>	 A screenshot of the 'Compatibility View Settings' dialog box. The 'Add this website:' text field is highlighted with a red oval. Below it is a list box titled 'Websites you've added to Compatibility View:' which is currently empty. At the bottom, there are three checkboxes: 'Include updated website lists from Microsoft' (unchecked), 'Display internet sites in Compatibility View' (checked), and 'Display all websites in Compatibility View' (unchecked). Buttons for 'Add', 'Remove', and 'Close' are visible.
In the event that you are still unable to log into GO, go to https://cag.state.gov and log in.
